

FOR IMMEDIATE RELEASE

Altaeros Voted Best Tech Startup at Tech in Motion's 2019 Timmy Awards

Announced Live: Best in Tech Places to Work in North America, Celebrated at the Timmys

BOSTON, MA (October 10, 2019) – Tech in Motion awarded Altaeros the title of 2019 Best Tech Startup – Boston live at the annual [Timmy Awards](#) ceremony in front of hundreds from the local tech community. Winning the “Community Favorite” award, Altaeros came out on top in Boston after more than 40,000 votes were tallied in the Timmy Awards, which recognizes the top places for tech professionals to work in ten cities across North America.

Altaeros’ mission is to deliver affordable broadband to rural areas and have fun doing it! Altaeros’ SuperTower uses a proven, tethered aerostat platform, combined with innovative automation and control software, to deploy radios and antennas over four times higher than traditional cell towers which allows network providers to efficiently cover substantially more area than traditional towers.

“I am so proud of the team at Altaeros and our ability to come together to tackle huge challenges while also having fun” said Ben Glass, CEO of Altaeros “We are honored to receive the Timmy Award for Best Tech Startup”

“Through the Timmy Awards, we’re thrilled to recognize the startups cultivating innovation not just through their product or service, but in their everyday work environment and culture,” says Mandy Walker, Director of Marketing at Motion Recruitment, creator of [Tech in Motion](#). “Creating an attractive place to work while continually driving growth is a challenge not every startup has conquered.”

Throughout October, Tech in Motion is hosting Timmy Award ceremonies across 10 tech hubs in North America this month to celebrate the best tech workplaces. A list of local 2019 winners and finalists is available [here](#). Previous winners include Audible, Jet.com, Venmo, TripAdvisor, SAP, Salesforce, Casper and Asana. Visit timmyawards.techinmotionevents.com for more information on the Timmys.

About Altaeros: Altaeros believes that everyone should have access to the same basic building blocks for a productive, fulfilling life, whether they live in a megacity or in a rural village. We also believe in the power of innovation to make this a reality. Founded at MIT in 2010, Altaeros is focused on developing and deploying innovative real-world infrastructure solutions. Altaeros’ first product, the SuperTower, uses the world’s first autonomous aerostat platform to permanently deploy high-speed mobile broadband and mission critical IoT in rural markets at a fraction of the cost of alternatives. Altaeros is headquartered in Somerville, MA and is backed by Softbank, Mitsubishi Heavy Industries, the Suhail Bahwan Group, Ratan N. Tata and others.
